At MGIS, We Keep A+ Company

When it comes to financial strength, we're in good company. We partner with top-rated carriers, so you get the specialized protection and the peace of mind you expect.

Choosing the most financially secure carrier is the best way to ensure that your group and your physicians receive the financial support promised to them—whether they need that support today or years down the road.

MGIS delivers Physician Group LTD, Life, and STD policies—all backed by Sun Life Financial underwriting companies. They've maintained an A+* credit rating for financial strength in good times and bad, and have never accepted government bailout money. The MGIS medical-professional liability insurance program is backed by Freedom Specialty, a Nationwide[®] company with an A+ rating and 16 million policies in force.

At MGIS, we run with good company. You can be confident our carriers—along with our specialized coverage—will deliver the protection physicians expect, which ultimately means more freedom to practice medicine.

We also work exclusively with highly qualified brokers who can offer professional advice as you seek out the best insurance solutions for your practice.
